NOTES: Contractor shall submit bids and hold price for a period of no more than 60 days from the bid opening. All work shall be done in accordance with ADEQ & ADH requirements and permits as provided in the specifications.

Contractor shall coordinate all work with city and Engineer to minimize impacts to water service and assist with bypass piping as necessary to provide continual plant operation.

Items that are subsidiary to performing the work shall include all labor, equipment, connections and materials shall be supplied by the contractor. Existing utilities and improvements shall be protected during construction and contractor shall coordinate with City of Linden Utility Department for existing utilities encountered. Protection measures shall be approved by the engineer prior to construction.

Haul routes approved designated by the city shall be restored to original conditions upon completion of the work. This area is not included in seeding / revegetation and shall be considered subsidiary to the work.
