

REQUEST FOR PROPOSAL

The Camden Water Utilities of Camden, Arkansas, is requesting proposals (RFP) for PVC Sewer Pipe in 24-inch and 30-inch diameters. All proposals will be subject to the conditions and specifications contained in the RFP. Submission of a proposal constitutes acceptance of all terms and conditions of the proposal and the specifications attached therein. If certain items and services in the specifications cannot be achieved by the submitter's product, provide in the proposal a list of exceptions.

The RFP packet is available for viewing at the Camden Water Utilities office located at 206 Van Buren Street NE, Camden, AR 71701. RFP packets are available for distribution from A.L. FRANKS ENGINEERING, 118 E. Broad Street, Texarkana, AR 71854 at a non-refundable cost of \$50.00.

Proposals providing the submitter's means and methods to meet the requested project requirements must be submitted by 2:00 PM, Thursday June 9th, 2022 at the Camden Water Office, 206 Van Buren St NE, Camden, AR 71701. The proposal shall include material costs, pipe submittal information, any exceptions to the requested specifications clearly listed and detailed. All proposals shall be in a sealed envelope clearly marked 'Camden Water Utilities-PVC Sewer Pipe Proposal' on the outside. The envelope shall be addressed to the Camden Water Utilities at the address listed above.

The Camden Water Utilities reserves the right to reject any and all RFP responses, waive all technicalities, and accept the RFP most advantageous. The owner shall decide which RFP is most advantageous based upon criteria established by this package.
