NOTES:

- 1) Miscellaneous items, directed work, connections, etc., not specifically listed but required to complete the proposed improvements to a complete and operational system shall be included in the Bid under the most appropriate Bid Item.
- 2) Time required to complete base bid work shall be 180 calendar days.
- 3) Contractor is responsible for gaining access to the existing filters for work. The existing skylights may be temporarily removed during construction and re-installed. Any damage caused to the building or windows, during construction, shall be repaired at the contractors expense.
- 4) Filters 1 and 2 shall be completed first. Once the filters are complete, tested, sterilized and in service for not less than 2 full weeks, filters 3 and 4 may be taken off-line to begin work
