NOTES

Contractor shall submit bids and hold price for a period of no more than 60 days from the bid opening. All work shall be done in accordance with ADEQ SWPPP Permit Requirements as provided in the specifications.

Items that are subsidiary to performing the work shall include all labor, equipment, and materials shall be supplied by the contractor. Existing utilities and improvements shall be protected during construction and contractor shall coordinate with City of Stuttgart's Utility Department for connections to existing sewer main. Protection measures shall be approved by the engineer prior to construction.

Haul routes approved designated by the city shall be restored to original conditions upon completion of the work. This area is not included in seeding / revegetation and shall be considered subsidiary to the work. Contractor may waste material from the project at the City of Stuttgart Landfill. Contractor will be required to coordinate with the City on location inside of the landfill property to waste materials.
